THE BEST ASSISTED LIVING FACILITIES IN CHARLESTON, SC

At The Assisted Living Research Institute, we are passionate about connecting seniors

.....

[Skip to section](#)

In order to find the top assisted living communities in the Charleston area, our team of researchers:

- Sorted through 51 communities using our unique [methodology](#)
- Spent over 10 hours researching assisted living communities in Charleston
- Read more than 75 reviews left by residents and their family members

After filtering out facilities that didn't meet our high standards, we were left with 10 assisted living communities that earned our seal of approval. Through this process we discovered that the [average cost of assisted living](#) in the city of Charleston is \$3,590, which is similar to the state average of \$3,500 and lower than the national average of \$4,051.

Ashley Landing Assisted Living

RESIDENT CAPACITY:

ROOM TYPES:

100

Companion Suites, Private Rooms, Shared Rooms

CARE TYPES:

Assisted Living

BASE PRICING:

\$3,580

Ashley Landing is close to a library, shopping and dining along nearby Dorchester Road and minutes from popular retail plazas in North Charleston. Drinks and snacks are available for seniors at any time of day, and residents can relax in a courtyard with cushioned gliders or on a front porch filled with rocking chairs. Ashley Landing has a pharmacy, therapy and physician services available on-site.

What Residents are Saying:

“Relatives note that the community’s staff members are attentive and make new residents’ transitions seamless. “The people at Ashley Landing truly care for their residents. That includes virtually everyone from senior management through the direct care staff. Ashley Landing was very willing to work with us and make our sign-up and my father’s transition as smooth as possible,” said one.”

Our Methodology

It's not what we research, but the way we research that makes AssistedLiving.org stand out. We start by identifying problems and challenges in the senior care industry by gaining insight from conversations with industry professionals, older adults, and those that care for them. Next, our research team led by industry experts apply our data-driven research techniques to understand the magnitude of the challenge and how to overcome it. Finally, we present our findings in easy-to-understand guides and studies and share our actionable results with influencers and caregivers, as well as the general public.
