Service Information for Dynamic Senior Solutions

Dynamic Senior Solutions, located in Beavercreek, Ohio provides the following services: In-Home Care: Adult Day Care, Short Term Care: Respite, and Alzheimer's Care. Dynamic Senior Solutions has a very good hospital, Greene Memorial Hospital, located nearby, which scored a 86 out of 100 in its most recent Medicare review. The Dynamic Senior Solutions's nearest hospital is 7 miles away.

Dynamic Senior Solutions is an adult day care facility. It usually includes social services and programs for seniors. Some provide Alzheimer's day care and others may provide adult day health care. This is a daytime program designed to engage seniors with health or other social need during the day. Typically this would be a place where the senior would be able to receive care if they are physically, mentally, or functionally impaired. Adult day care facilities often provide stimulating activities, companionship or simply supervision, if necessary.

Also, Dynamic Senior Solutions is an in-home care provider. In Home care could be either medical ("skilled") or non-medical ("custodial") support services delivered at the home of the senior. "skilled" service providers who usually provide various medical care needs and "custodial" care providers who provide services for daily living such as bathing, dressing, and meal preparation but may also extend to assistance with transportation, paying bills, making appointments, and simply being there to provide companionship and emotional support. Home Care services are generally available 24 hours a day, seven days a week and are sometimes paid for directly by the client or through a variety of public and private funding sources such as Medicare and/or Medicaid. Make sure you know your loved one's Medicare and Medicaid eligibility, and understand how you can use tools like long term care insurance to pay for in home care.

Also, Dynamic Senior Solutions facility provides Alzheimer's care. This means it has special safeguards for wandering seniors, and caregivers are trained in handling dementia behaviors.
