STAFF REPORT / PUBLISHED: JANUARY 20, 2017

Elmcroft of Mid Valley will host a cocktail mixer on Wednesday, Jan. 25, 4-8 p.m., celebrating new approaches of specialized memory care. Attendees will be able to meet the team of certified dementia practitioners while touring the community.

The latest addition is a multi-sensory room that officials say can help to create both a stimulating and calming atmosphere for those affected by memory loss. According to Elmcroft staffers, some benefits to this personalized approach are improved moods, fewer disruptive behaviors, decreased fear and anxiety, improved communications and enhanced personal interactions.

This event is open to the public. Refreshments will be served and attendees are requested to RSVP by Monday, Jan. 23, at 570-483-1704.

Resident Lorraine Morgan tries out the multi-sensory room.
