From: [Hebrew Health Care](#)

**West Hartford, CT**---The National Council of Certified Dementia Practitioners (NCCDP) has a mission to promote, encourage, and enhance the knowledge, skills and practice of all persons who provide care and/or services to Dementia clients by means of requiring excellent standards of education, dementia specific training and incentives for professional development of those who are dedicated to the ever growing field of dementia care. Hebrew HealthCare offers the classes needed to become a Certified Dementia Practitioner (CDP). The CDP certification is open to professionals who work in health care. These professionals can include but are not limited to Nurses, Social Workers, Nursing Assistants, Home Health Aides, Activity Professionals, and more!
