ACCREDITATIONS AND APPROVALS

The Institute for Professional Care Education is continually seeking accreditations and approvals to help the needs of licensed health care professionals as well as direct care workers throughout the U.S. Our full-time Regulations and Compliance department works hard to ensure that IPCed offers the courses you need, approved for you.

Our State and Federal Compliance Guarantee

We are committed to providing training that meets your state and federal requirements. If you are an IPCed subscription customer and your state or the federal government changes your training requirements, we will develop courses to meet those new requirements. Customers using our online training packages will receive these courses at no additional cost.
