One Million Solutions in Health™ Showcases Bay Bridge Senior Living and their Innovations in Memory Care

Share Article

Innovations in Memory Care 20140512

To address the exponential growth in those living with dementia or Alzheimer's disease, One Million Solutions in Health™ is focusing on Bay Bridge Senior Living, via this webinar on "Innovations in Memory Care," to help those caring for these individuals and their families.

BOSTON, MA (PRWEB) JANUARY 31, 2017

Dementia and Alzheimer's disease hit families hard. **One Million Solutions in Health** is honored to showcase and share this webinar, **"Innovations in Memory Care"** with Rachele L. Blough, C.T.R.S, C.D.P., Vice President of Life Enrichment Innovation, Bay Bridge Senior Living.

One Million Solutions in
Health

This informative webinar provides an overview of how the concepts of person-centered care are implemented in a practical way for one senior living company. Utilizing stories and examples, our expert illustrates how a comprehensive memory care program model can assist residents living with memory loss – allowing them to still flourish each day.

A comprehensive memory care program can assist residents living with memory loss – allowing them to still flourish each day.

You may be aware of Assisted Living, but have you heard of **Memory Care?**

This webinar explores Senior Living and Memory Care, which is geared towards those seniors living with Dementia, Alzheimer's and various other memory problems. The care required for those effected by these diseases is extremely unique.

When a loved one suffers from memory problems, at first it can be a very hard topic to speak about, and even harder to accept the reality. But there comes a time when the family must face the challenge that has been put in front of them, and find out about the assistance that is out there.

Rachele L. Blough, the presenter for the webinar, has exceptional experience in the field of Senior Living. Rachele holds the title of Certified Recreational Therapist, Certified Dementia Practitioner, and Vice President of Life Enrichment and Innovation for Bay Bridge Senior Living.

ABOUT ONE MILLION SOLUTIONS IN HEALTH:

As a not-for-profit, the goal of One Million Solutions in Health™ is to shape health care by sharing solutions and, importantly, to accelerate the discovery, development and delivery ... of innovative cures, treatments and preventative measures for patients around the world. By facilitating efforts to ensure organizations can Connect, Learn + Share, Innovate and Collaborate, our vision is to improve health care delivery, accelerate life sciences research and share patient and consumer-focused ideas and solutions.

By engaging scientists, entrepreneurs, investors, innovators, industry experts, health care professionals, and patients across various disciplines, and from around the world, we can utilize the power of the internet to disrupt things in a positive and transformative way to accelerate the movement of new solutions and scientific discoveries from the scientist to the patient.

The **Technology Evaluation Consortium (TEC)** brings together life sciences and/or health care companies and technology providers, and other relevant partners (e.g., government and Universities) to evaluate and validate technologies or services in a collaborative environment. The model empowers technology providers and industry end users to collectively assess a number of technologies in a cost-effective manner, producing a depth and breadth of results that no company can achieve alone.

We are on our way towards accelerating high-potential innovations, catalyzing investment and increasing awareness of, and support for, important ideas to improve health and save lives. We are thrilled to have you be a part of this transformative journey!

IF YOU HAVE A TECHNOLOGY, SCIENTIFIC DISCOVERY OR MEDICAL SOLUTION YOU WOULD LIKE US TO HELP SHARE WITH THE WORLD, CONTACT US.
