ROCHESTER — Rachel Sanchez is the new administrator for The Gafney Home, a nonprofit senior living community.

Sanchez is a native of the greater Rochester area. She brings 25 years of healthcare leadership experience, most recently at the Stevens-Bennett Home, a residential care facility in Haverhill, Massachusetts, and Lawrence General Hospital, Lawrence, Massachusetts.

As a licensed dietitian and certified dementia practitioner immersed in senior care, Sanchez says she is deeply committed to creating environments designed to enrich, engage and inspire all who have connections with The Gafney Home community.

The Gafney Home provides 24-hour resident-centered care and assistance plus affordable respite care in an intimate, homelike setting.

For more information, email rsanchez@gafneyhome.org, or call 603-332-2705.
