

The Branches to open Marlborough location

Posted Jun 17, 2019 at 2:06 PM

MARLBOROUGH — The Branches of North Attleborough, a provider of senior housing, is opening a second assisted living and memory care community with The Branches brand this November in Marlborough.

The Branches of Marlboro held a pre-opening celebration recently, hosting over 50 guests, including local officials, health care professionals and individuals who intend to call The Branches home or have secured space for a loved one.

The community, located on Bolton Street between Marlborough High School and Charles W. Whitcomb Middle School, will be Benchmark's first in the Metrowest region. The Branches of Marlborough will feature flexible floor plans and a collaborative design intended to encourage social interaction among the 104 residents. Those residents will also have access to an outdoor patio with farmer's porch, fire pit, beauty salon, library, fitness center and bistro.

Certified dementia practitioners will deliver programming for all stages of dementia and customized to each individual's emotional, spiritual and physical needs. EOEAA certification is pending.
