Common Crimes Sex Offenses

SOUTHINGTON — Two insanity caring specialists with a Connecticut Center for Healthy Aging were recently approved as Certified Dementia Practitioners by a National Council of Certified Dementia Practitioners.

Patricia B. O'Brian, CDP, studios and family rendezvous coordinator, and Michelle Wyman, LSW, CDP, life improvement coach, assimilated a Connecticut Center for Healthy Aging staff in 2015 and are formed in Southington.

The idea of a National Council of Certified Dementia Practitioners is to rise and inspire endless standards of value in direct-care skills, preparation and attraction in a area of insanity care.

O'Brian, a Cromwell resident, and Wyman, a West Hartford resident, are dual rarely gifted insanity caring professionals with a Connecticut Center for Healthy Aging. The Center for Healthy Aging, a not-for-profit member of Hartford HealthCare Senior Services, is a apparatus and comment core operative to raise entrance to services and information on attaining optimal peculiarity of life for seniors and their caregivers.

O'Brian and Wyman have endless knowledge in insanity caring and can yield strategies to urge a peculiarity of life for caregivers and persons with dementia/Alzheimer's disease. They offer home, telephonic and bureau assessments privately for caregivers/family members who have desired ones with a insanity and offer continued follow adult and support. They also promote educational programs for caregivers.

The Connecticut Center for Healthy Aging has 4 locations: Hospital of Central Connecticut, Bradley Memorial campus in Southington and New Britain campus, MidState Medical Center in Meriden and Windham Hospital in Willimantic.
