Rehabilitation Services

Our short-term rehabilitation unit features private rooms and hotel-like amenities. A separate entrance is available for the convenience of visiting family and friends. Short-term term services include:

- IV therapy
- wound care
- medication management
- diabetic teaching
- much more

Assisted Living Services

Vista Center at The Ridge also offers enhanced assisted living services for those who need assistance with daily living activities. Our assisted living unit offers 24-hour nursing care and therapy services are available as ordered by the attending physician.

With a focus on resident choice, comfort and independence,

assisted living offers peace of mind with the perfect complement of services—the support and care our seniors want and the peace of mind they need, all in an atmosphere of comfort, security and privacy.

Assisted Living features:

- A well-appointed dining room
- A comfortably appointed lounge
- Round-the-clock care and assistance.
- Private and semi-private units, all equipped with emergency call systems, grab bars, handrails, smoke detectors and sprinklers.

Bratton Court and Nora's Place – Dementia Care

These two specialized units within Vista Center ridge offer compassionate dementia care. Bratton Court is an all male dementia unit and Nora's Place is an all female dementia unit. Under the direction of a certified Dementia Care Practitioner, the units are equipped to meet the unique needs of those suffering from dementia.

Insurance information

- Medicaid and Medicare Certified
- A network provider for insurance products offered by Anthem Senior Advantage, United Health Care Medical Mutual and many others
- Other insurances accepted and negotiated on a case-by-case basis
