Pine Haven Nursing Home Rated 5-Stars by CMS

by Karin Oliver-Kreft on April 25, 2014 in News

Pine Haven Christian Communities nursing home, located on Giddings Avenue in Sheboygan Falls, has earned the Five-Star Overall Rating from the Centers for Medicare and Medicaid Services (CMS), as well as a Five-Star Rating for Staffing and Quality. Five Stars signifies a “much above average” rating, and is the highest ranking a nursing home can achieve. The Five-Star overall rating is made up of three areas, state surveys or health inspections, staffing levels and quality measures.

Administrator and Director of Clinical Services, Michele Oostdyk commented, “We’re thrilled to be rated 5-Stars by CMS. Our staff has worked very hard over the past two years to continuously improve the quality we provide to our residents. We’re proud of the

improvements we have made, and our staff is dedicated to continue to make things better for our residents each and every day. This showcases what a fantastic team we have working here at Pine Haven Christian Home. They are extremely dedicated to our residents.”

CMS reviews nursing homes regularly and updates rankings on the official US Government Site for Medicare, <http://www.medicare.gov>. Homes are reviewed and ranked for four criteria: State survey results, staffing levels, quality measures, and overall. State health inspection surveys are ranked on a three year running total. Staffing is measured on the ratio of residents to staff. Quality is ranked based on how well the home cares for residents’ needs.

Pine Haven has regularly been recognized throughout Sheboygan County for their Christ-centered, quality care, since they opened in 1950. They have been named the best nursing home and best assisted living in the Sheboygan Press Best of Sheboygan County Readers’ Choice for the past two years running (2012 and 2013 poll).

Scholten & Pilgrim Earn CDP® Designations

by [Brad Huenink](#) on [February 6, 2014](#) in [News](#)

Pine Haven Christian Communities proudly announces Rhonda Scholten, RN and Nicole Pilgrim, LPN have earned their Certified Dementia Practitioners designations. With this designation they have joined the National Council of Certified Dementia Practitioners (NCCDP) and International Council of Certified Dementia Practitioners (ICCDP).

The goal of the NCCDP/ICCDP is to develop and encourage comprehensive standards of excellence in direct-care skills, education and sensitivity in the area of dementia care. The Council was formed to promote standards of excellence in dementia education to professionals and other caregivers who provide services to dementia clients.

Scholten and Pilgrim are both staff nurses at Pine Haven Christian Communities Covenant Home-Assisted Living for Memory Care. For more information about Pine Haven visit www.pinehaven.org or call 467-2401.

Lemmenes Receives Director of Nursing- CLTC Credentials

by [Brad Huenink](#) on [February 3, 2014](#) in [News](#)

Pine Haven Christian Communities is pleased to announce that Gina Lemmenes, RN has completed the Director of Nursing in Long Term Care Certification Program offered by the American Association for Long Term Care Nursing. She also passed the exam to earn her DON-CLTC credential. The program is designed to provide a comprehensive training program in leadership, clinical, regulatory and legal information.

Gina has responsibility for the clinical care provided to our residents in the Nursing Home. She most recently served as the assistant director of nursing at Sheboygan Senior Communities and had also worked there as a nurse supervisor and staff nurse. Prior to that, Gina worked for 10 years as a critical care nurse at Aurora Valley View Medical Center. Gina also worked as a nurse at Palos Community Hospital in Palos Heights, Illinois. Gina earned her bachelor's degree in nursing from Trinity Christian College in Palos Heights.
