Teepa Snow

Teepa Snow is a dementia expert who trains and consults for healthcare professionals and families privately. As a certified Occupational Therapist Teepa has the unique medical perspective on how the brain controls our body and our behaviors giving her the perfect medical degree to explain how a brain disease like dementia affects a person. Teepa Snow is a dementia expert who trains and consults for healthcare professionals and families privately.

Teepa has extensive experience as the key note speaker at dementia conferences presenting single sessions to small groups as well as all day in-depth trainings. All of her lectures are CEU worthy and can be presented privately with a consultation to a healthcare facility or publicly for local area professionals and family caregivers. teepasnow.com/

The National Council of Certified Dementia Practitioners® LLC

The National Council of Certified Dementia Practitioners® LLC was formed in 2001 by a group of professionals with varying work and personal experiences in the field of dementia care. As the number of dementia cases continues to increase nationally and worldwide there is a great necessity to insure that care givers are well trained to provide appropriate competent and sensitive direct care and support for the dementia patient. The goal of the Council is to develop and encourage comprehensive standards of excellence in the profession and delivery of dementia care.
