The Coalition of Activity Professionals is a national organization whose mission is to raise the standards of the Activity Profession, to assist individuals in achieving professional goals and achieving national certification, to offer cost effective/quality education opportunities both on the regional and national level, and to provide networking opportunities and peer support for all of its members.

With the challenges we are facing in our economy and industry and changes in Medicare and Medicaid, now is the time for Activity Professionals to come together and stand up for their profession.
