### *Heartland Dementia Services, Consulting and Training for Alzheimer's Disease and Related Dementias*

Over 5 million Americans suffer from Alzheimer's and related dementias. Now, caregivers have the tools and skills to provide competent and quality care to those with Alzheimer's/Dementia. It's time to *Set Yourself Apart as a Skilled, Trained Caregiver*. Heartland Dementia Services, LLC offers the required training that will allow you to achieve *National Dementia Certification* with the *Council of Certified Dementia Practitioners, NCCDP*.

As a Certified Dementia Practitioner (CDP) you will have the skills and knowledge to care and support these victims and their families. *Set Yourself Apart as a CDP*. Start your journey to this new certification. Special rates are available for companies who want to train their entire staff or those working with Alzheimer's. *Classes are also available to meet the Indiana State Department of Health requirement for Dementia training in long term care facilities.*
