OUR HISTORY
AWARDS

Kathy Daly, Accountant

Kathy joined Hearthstone in 1996. She performs many of the company's important accounting functions. Kathy is responsible for billing, accounts payable, payroll and vendor relationships. Her experience and knowledge of Hearthstone and its residents is invaluable to the Home Office team. Kathy works very closely with the CFO to provide assistance to families who may have a financial issue or concerns. She also spends her time training other employees on the financial policies and procedures of the company.

Kerry Mills, Regional Director

Kerry graduated with a BA in International Marketing from Arizona State University and holds a Masters of Public Administration from Long Island University. She began her career at Hearthstone Alzheimer Care, New York City, as Program Director in 2004, managing interactive and engaging activity programs for people with dementia. Within a year, Kerry was promoted to Executive Director of a new Hearthstone residence in Palisades, NY. Next, she returned to Hearthstone's Manhattan residence as Executive Director and later was appointed Regional Director overseeing the management of the Manhattan, Palisades and White Plains residences. Kerry's underlying skill is her ability to motivate and empower both care workers and managers. In this capacity, she does in-house workshops for Hearthstone residences and affiliates and has written a staff motivational manual.

Jami Weisenberger, Human Resources Specialist

Jami, PHR, joined Hearthstone in May of 2008 as a Human Resources Manager. Prior to joining Hearthstone, Jami worked as a human resources professional in various roles for healthcare, marketing, and the high tech industries. Jami's role at Hearthstone is to manage all aspects of human resources including recruitment, benefit administration, coaching.

Maureen Bradley, Director of Operations

For over forty years, Maureen has dedicated her professional life to caring for persons living with Alzheimer's. Her career began as a Nurse's Aide, then after graduating with honors from Waltham Hospital School of Nursing, she went on to become a Nurse Manger, Director of Clinical Education and an Alzheimer's Program Director.

Maureen is a Certified Dementia Practitioner and trainer. She also holds a certificate as a Certified Dementia Care Manager and is certified in dementia care thru the Train-the-Trainer Program offered by the Alzheimer's Association. Throughout her career she has trained numerous police departments, hospital staff and members of community in best-practice care for people living with memory impairment. She has been a frequent presenter for the Alzheimer's Association and has run many support groups both in the community and in long term care settings, including one for children whose lives have been touched by Alzheimer's disease.

Isaac Ndungu, IT Support Specialist

Since 2001, Isaac Ndungu has been working as Hearthstone's IT Support Specialist. His work at Hearthstone includes building, upgrading and repairing computers, troubleshooting hardware, software and network connectivity problems, network user management, software and hardware installation, e-mail support on the exchange server, user license management, and purchasing of software and hardware.

Hearthstone Alzheimer Care 23 Warren Ave, Suite 140 Woburn, MA 01801 888-422-CARE
