Endorsement from the National Council of Certified Dementia Practitioners

We are very excited to have such a wonderful endorsement from the National Council of Certified Dementia Practitioners!

"Creating Together Journal is a fantastic publication that every Activity / Therapeutic Recreation Director working in Nursing Homes, Assisted Living, Adult Day Care, CCRC's, Hospital's and Hospice settings should have. The magazine is seasonal and themed and can only be a huge benefit to the Activity Director when planning the monthly calendar. The magazine is well thought out, interesting and a real page turner. Creating Together Journal is filled with fresh ideas that are fantastic to utilize when working with the client diagnosed with dementia."
