February 14th-21st is ALZHEIMERS AND DEMENTIA STAFF EDUCATION WEEK

This week is designed to bring awareness to the importance of both staff educators and their direct care staff being trained and certified in dementia care. For more information and free Tool Kit (download), visit www.nccdp.org, National Council of Certified Dementia Practitioners.

I want to thank all those who take such good care of our loved ones and who strive to be educated and updated about the new research and best practices in dementia and Alzheimer's care.

Take time this week to acknowledge those experts who are making a difference in your loved one's lives.

Have a kind and respectful day.
