Bonnett Earns CDP Designation

Posted on 10.NOV.08

Christina Bonnett, Activities Manager at the Health Care Center at Wesley Commons recently achieved the certified dementia practitioner (CDP) designation, the highest standard in Alzheimer's and Dementia education available to healthcare professionals.

Christina Bonnett

The CDP certification was created and administered by the National Council of Certified Dementia Practitioners (NCCDP). The certification demonstrates the achievement of specialized training in the areas of Dementia and Alzheimer's care, which is essential for today's health care professional as the dementia population continues to rise.

"This designation that Christina achieved compliments Wesley Commons' dedication to providing outstanding, professional care for our seniors, including those who suffer from Alzheimer's and dementia," stated David Buckshorn, President and CEO of Wesley Commons.

Bonnett, who has worked in the long-term care industry for the past 15 years, joined Wesley Commons in 2003 and was promoted to Activity Manager at the Health Care Center in 2006. She is a member of the South Carolina Activity Professionals (SCAPA), and the Adult Girl Scouts of America.

"We are proud of the outstanding level of care that Christina provides to the residents of our Health Care Center and we are excited about her certification," added Health Services Director Kim Holmes. "There are a very small number of healthcare professionals in South Carolina who have achieved this certification."

Wesley Commons is a non-profit master-planned Continuing Care Retirement Community nestled into 110 rolling acres with six delightful neighborhoods. Designed for retirement lifestyles, the campus encompasses amenities from luxurious private homes to a wellness complex and on-site healthcare, our comforts are designed to promote retirement living as it was meant to be. For more information on any of the Wesley Commons neighborhoods or the services and programs offered, please call (864) 227-7290 or visit the website at www.wesleycommons.org.
