East Ridge Senior Living Community Announces Amy Silvers As Executive Director

Tuesday, December 28, 2021

East Ridge Residence, an independent living community in East Ridge managed by Signal Mountain-based Veritas Senior Living, is announcing Amy Silvers, CDP (certified dementia practitioner) as their new executive director. Her start date was Dec. 13.

"Amy will oversee all of the day-to-day operations and manage all employees of the community. She has had an extensive background in independent living communities and skilled nursing facilities for the past 18 years," officials said.

Born and raised in Midland, Mi., Ms. Silvers comes from a family involved in senior living and healthcare. Her mother was a CNA at a skilled nursing facility, her younger sister has been a nurse for the past 20-plus years, and her grandmother volunteered in assisted living and skilled nursing facilities.

Allow us the greatest honor of personally serving your family.

Fort Oglethorpe, GA

HERITAGE
FUNERAL HOME & CREMATORY

When she was younger, she would help her grandmother, thus starting her passion to serve seniors at an early age. Tennessee has been Ms. Silver's home for the last 27 years.

"To serve the senior population, improve their life in any capacity and make their day a little bit better has got to be among one of the greatest feelings on earth," said Ms. Silver. "These seniors have given their lives working hard and serving others. They've risked their lives in wars for people they've never met, so having the opportunity to pay them back even just a little is priceless."

She also says that working in senior living is like having 100-plus adopted grandparents, and nothing can compare to that.

This year has been among one of her hardest as she lost her last two remaining grandparents when both grandmothers passed away. Having the opportunity to serve the residents and families of East Ridge Residence fills the void for her.

Breaking News

Chattanooga Area Could Face Multiple Rounds Of Rain, Thunderstorms; Isolated Tornadoes Possible

Less than three weeks after a historic tornado outbreak devastated portions of the central and southern United States, another round of feisty severe weather could be delivered in the final days of 2021. AccuWeather forecasters are eyeing a developing storm as it pushes across the Midwest. In the coming days, stormy weather is forecast to develop across a wide swath of the central ... Opinion

My Political Wish List For 2022

Happy New Year, Y'all. Please let 2022 be a better year for our country and local community, because I truly love these Appalachian hills and river town - or southern Appalachian periphery to be geographically correct. I am optimistic that 2022 will be a better time for local businesses that darn near lost it all - some did lose it all, and for the children of this community. ... (click for more)

Roy Exum: "An Absolute Disgrace"

With two more days remaining in what has been an unbelievably bloody year in the Windy City, it is now official: Murders in Chicago have hit a 25-year high and Keith Thornton, a heroic dispatcher, just made a viral video that lays the blame squarely in Mayor Lori Lightfoot's lap. "This lady is disgraceful!" Thornton's quick thinking this summer saved the lives of two officers and ... (click for more)
